Dear Tom:

We at Score A Goal In The Classroom school incentive program want to thank you for your participation and support of our efforts to help raise the level of education and help honor the real Heroes of our community, Teachers and School Employees.

Your donation and sponsorship to our reading initiative "Keep The Reading Lamp Lit" is already paying dividends to the North Texas children and their families that we are encouraging to fall in love with reading.

Please find enclosed a copy of the Fort Worth Star Telegram story about our new Reading Mentoring Program "THE READING PATROL." As you know our organization has taken on the role of a translator to communicate all the good and wonderful things that are happening in our schools.

Again this year we have had the opportunity to have one of our Reading Buses at MayFest. With the help of 384 Reading Frogs and other community volunteers we gave 9,400 free books to children who visited and read with us at this event!

Without your splendid support we would never be able to keep up with the needs and opportunities we have to serve our children.

We invite you to visit our website at www.scoreagoalintheclassroom.org to receive the most up to date information on the Organization, the community we serve, and the programs we sponsor. Your comments and feedback are always welcome and if you have any questions, please call me at 817-429-4024.

Thanks for all you do for our community!!

Dear Claudia Torrescano,

Today I was informed of the need to acknowledge to you that we are one of the many organizations in metropolitan Dallas that is greatly supported by Univision Radio. As the person who issues all PSAs and contacts local media, I have received nothing but great support from the staff at Univision Radio.

Recent support from Univision Radio includes PSAs announcing free health fairs, free mobile breast screenings and fundraising events.

The major constituency of the YWCA of Metropolitan Dallas is Hispanic; making our association with Univision Radio a valuable one.

If you have any questions about the services Univision Radio has provided this organization, please feel free to contact me at 214-584-2311.

Sincerely,

Dear Claudia:

The Hispanic Broadcasting Corporation, now known as Univision Radio, in Dallas has been an asset to the American Cancer Society during the past year. The air time they have given us through public affairs programming, news coverage and public service announcements has been a vital part of our efforts to reach out to the underserved Hispanic population in the Dallas Metro Area with information on cancer prevention, early detection, patient services programs and research.

We hope to continue this partnership in the coming years and would like to sincerely thank Univision Radio for their efforts.

Dear Claudia Torrescano,

I am a representative of Gilda's Club North Texas, a cancer support community in Dallas, Texas. The mission of Gilda's Club North Texas is to provide a place where people with cancer and their families and friends join with others to build social and emotional support as a supplement to medical care. Free of charge and non-profit, Gilda's Club offers support and networking groups, lectures, workshops and social events in a non-residential, home-like setting.

Gilda's Club North Texas is very appreciative to have been a part of Univision's "La Que Buena en la Comunidad" segment on November 15, 2003. Outreach to the Hispanic community is a priority for Gilda's Club North Texas, and participation in this segment provided us with a very powerful and unique opportunity to reach many who would benefit from our cancer support community.

Univision has also provided public service announcements for Gilda's Club North Texas.

We look forward to future collaboration with Univision, thus bringing awareness of our cancer support community to the Spanish speaking community.

Subject: Public Service Provided by Hispanic Broadcasting/Univision Radio in Dallas, Texas

More television and radio stations should follow the good example provided by the Hispanic Broadcasting Corporation (Univision radio) stations in Dallas, Texas. The stations are community oriented and station management has an awareness of and responds to the information needs of the community.

Federal income tax laws are difficult for most Americans to completely understand. For people who are new to this country, the laws are a difficult maze to navigate. To help residents understand taxes, their filing obligation, and various credits available to them, the five local stations hosted a Community Forum and invited Internal Revenue Service participation. Claudia Torresco, Hispanic Broadcasting's Director of Community Service invited Spanish-speaking IRS employees to give two seminars and answer questions. They specifically wanted their listeners to understand tax issues such as: filing for an Individual Tax Identification Number (ITIN) used by non-residents to file tax returns; and the Earned Income Tax Credit, which rewards people for working.

In addition, at the invitation of the five stations, the IRS in Dallas has participated in several Public Service Programs, Public Service Announcements, and news interviews with a number of station employees. In those English and Spanish broadcasts, the IRS has been able to share information with Latino and other listeners on filing tax returns, recordkeeping, the Child Tax Credit, E-filing, ITIN, FreeFile and other topics.

In speaking for the IRS in Dallas, I want to express my gratitude to the stations for their leadership and drive to meet the needs of the people in this community.

Respectfully yours,

Dear Claudia Torrescano,

Southwest Transplant Alliance is the Dallas area organ donation agency, and we have had nothing but wonderful dealings with Hispanic Broadcasting Corporation.

They have aired interviews with some of our staff and with local organ transplant recipients and donor families, encouraging their listeners to consider organ donation, and to help save lives.

I wanted to take a moment to applaud Hispanic Broadcasting Corporation for their community support and for all that they do to get important information and important issues in front of their audience.

I hope that the folks who do all of the good works at Hispanic Broadcasting Corporation will continue to do so for many years to come.

Thanks for the opportunity to share this information,

Sincerely,

Pam Silvestri
Public Affairs Director

Dear Claudia:

On behalf of thousands of kidney and urinary tract disease patients, families and friends...Thank you for your kind donation/participation in the 2003 Kidney Walk at the Dallas Zoo. Because of participation and donation support from people and organizations like you we are able to provide many wonderful programs and services in North Texas. The funds raised help benefit over 24,000 dialysis patients and 3,800 people awaiting a kidney transplant. Not to forget the 2 million people still at risk of developing kidney failure.

We are diligently working to continue our efforts in educating the public and providing services to our patients and their families. Many people still do not realize that diabetes and hypertension, which are the two leading causes of kidney failure, can be prevented or delayed. With early detection and educational intervention we can lower the almost 10,000 new cases of kidney failure reported each year.

Please consider this letter as your receipt. The National Kidney Foundation of North Texas is 501 (c) (3) exempt, our exemption number is 75-6033760. Your donation is tax deductible as allowed by the law.

Again, thank you for your support, it is much appreciated and does not go unnoticed! We hope that you will continue to support the National Kidney Foundation of North Texas and we look forward to you joining us again for our **Kidney Walk at the Dallas Zoo on May 15, 2004.** **Please mark your calendars now!** We will be sending out information with all the details very soon.

From the bottom of our kidneys, again we thank you.
